APENS National Certification Exam Now ONLINE

The APENS Committee and the NCPEID are pleased to announce that the APENS National Exam is now available ONLINE! Candidates interested in taking the exam must first meet all the eligibility criteria, pay the exam fee and submit BOTH Part 1 and Part 2 of the APENS application before receiving access. The APENS Exam is available through the SUNY Cortland Black Board web site and uses the Respondus Lockdown Browser features to secure the exam and testing

APENS National Certification Exam Fee Increase

The NCPEID Executive Committee and Board have approved an increase in the APENS National Exam fee from \$150.00 to \$250.00 effective January 1, 2021. **The current fee of 150.00 dollar will remain current through January 1, 2021.** This is the first increase in the exam fee since 2010. The NCPEID Executive Board recognizes the impact any increase in fees has on its membership and on teachers and the Executive Board would like to remind those interested in becoming nationally certified in Adapted Physical Education that the CAPE certification is a 7 year certification. In addition, candidates who successfully pass the APENS exam and receive CAPE (Certified Adapted Physical Educator) status are also given a one-year free membership to the NCPEID and receive a one year subscription to Palaestra. Palaestra is the featured journal of NCPEID. Additional information about the journal can be found here: <https://www.ncpeid.org/palaestra-journal>

APENS National Standards and Online Study Guide available through Human Kinetics!

*Information courtesy of Human Kinetics

Adapted Physical Education National Standards, Third Edition, thoroughly covers the latest Adapted Physical Education National Standards (APENS), offering current knowledge and best practices for teaching adapted physical education. This new edition solidifies the book's reputation as an essential resource for adapted physical educators. Representing the first major revision to the standards since 2006, Adapted Physical Education National Standards, Third Edition, fully explains the 15 national standards as established by the National Consortium for Physical Education for Individuals with Disabilities (NCPEID). The study guide includes important information and more than 1,100 sample test questions for educators who are studying to take the Certified Adapted Physical Educator (CAPE) exam. This new tool allows candidates

to prepare for the exam by taking practice quizzes based on the content within each standard. For each practice quiz, the reader is presented with questions randomly drawn from a pool of questions for that standard, ensuring a wide variety of sample exam possibilities. The candidate then receives a score and can review the correct and incorrect answers to determine areas for further study. Candidates can also view and download a comprehensive list of all questions for all standards.

You can access a paper-copy, e-book or online study guide by visiting <https://us.humankinetics.com/products/adapted-physical-education-national-standards-3rd-edition-with-web-study-guide> or using the web link from the APENS web site <https://www.APENS.org>

To learn more about the online exam, contact the APENS Chair, Dr. Timothy Davis – Davist@cortland.edu or call directly at 607-423-5261.
