

**University of South Carolina**  
**College of Education**  
**Department of Physical Education**

**Position: Post Doctoral Teaching Fellow in Adapted Physical Education and Physical Education Pedagogy**

The Department of Physical Education at the University of South Carolina seeking applications for a full-time (9-month) teaching fellow with responsibilities in adapted physical education and physical education pedagogy to begin August 2020.

**Responsibilities:**

The successful candidate will be expected to manage a 4/4 teaching load or the equivalent that may include: (1) teaching adapted physical education and physical education instruction and curriculum courses at the undergraduate and master's level; (2) supervising students in practicum classes and in student teaching; (3) ongoing development of online coursework in the MS-APE program.

**Qualifications:**

Candidates must have (1) an earned doctorate in physical education and/or adapted physical education, (2) evidence of previous college level teaching in adapted physical education, and (3) an ability to work cooperatively with colleagues. Preference will be given to applicants who possess (1) K-12 and teaching experience; (2) strong record of teaching adapted physical education; and (3) expertise in alternative course delivery, teaching with technology, and/or distributed learning formats.

**Application:**

The College of Education application process is conducted online at <https://uscjobs.sc.edu>;

Application materials accepted online only and to include: (1) a letter of application, (2) a current curriculum vita, (3) list of at least three professional references to include e-mail addresses and phone numbers, and (4) a copy of unofficial academic transcript for terminal degree (official copies will be required of finalists). Review of completed applications will begin April 1, 2020 and continue until the position is filled.

Inquiries should be addressed to Dr. Lynda Nilges, Search Committee Chair, [lnilges@mailbox.sc.edu](mailto:lnilges@mailbox.sc.edu) or Dr. Ali Brian, Director of the Adapted Physical Education/Activity Program

*The University of South Carolina has a strong commitment to the principles of diversity and is an affirmative action, equal opportunity employer. Minorities, women, and individuals with disabilities are encouraged to apply. The University embraces family-friendly policies that provide a work environment and an academic culture supportive of faculty members and their families. The University is also responsive to the needs of dual career families.*

**Doctoral Student Graduate Assistantship**

University of South Carolina Graduate School and the Department of Physical Education is seeking applications for Graduate Assistantships in the specialization areas of Physical Education Pedagogy, Adapted Physical Education, Motor Behavior and Sport Psychology. Faculty research foci include:

adapted physical education  
comprehensive school physical activity programming  
developmental sport psychology  
motor skill development

Individuals applying for admission to the program must submit all application materials to the University of South Carolina Graduate School.

Applications can be submitted at <https://www.sc.edu/.../degree.../physical-education-phd/index.php>.

Information submitted must include:

A recent (within 5 years) Graduate Record Exam. Scores of 146 for verbal and 140 for quantitative are the minimum GRE scores to be considered for admission.

A minimum GPA of 3.0 in graduate coursework is required.

Official transcripts of all previous college/university work.

Two letters of recommendation.

A sample of expository writing to include future goals and specific research interests.

A current curriculum vita.

International students are also required to obtain an appropriate visa and demonstrate competence in English.

Please visit the Graduate School website for additional information at <http://gradschool.sc.edu/prospective/int-student.asp>

Admission decisions are based on the portfolio of information listed above. Priority will usually be given to applicants with relevant practical teaching and research experiences. We encourage prospective doctoral students to visit the Department, the UofSC campus, and the Columbia area.
